ESAD · 2018-2023
Master in Product Design — Furniture

Rendermind · 2020-2021
3D Architectural Visualization

Complutense de Madrid · 2017-2018
Erasmus exchange

ESMAD · 2015-2018
Degree in Industrial Design

INTERESTS

- User Research
- Strategy Design
- Design Thinking
- Biomaterials
- Sustainability
- Circular Design

Catarina Quitério

— INDUSTRIAL DESIGNER · 3D ARTIST

I'm Catarina — an industrial designer and 3D artist based in Porto, with ten years turning ideas into products, furniture and photorealistic worlds. I design for warmth and precision in equal measure, whether I'm crafting a physical object or building an immersive digital scene. Newly certified as a trainer and trained in product management, I love working where craft, people and process meet.

EXPERIENCE

3D Solution Designer 2024-Present
SENSEI TECH

- Develop 3D imagery for sales, marketing and product communication
- 3D product scanning and AI-assisted image generation
- Organise company events and plan & design exhibition stands
