

PORTEFOLIO
CATARINA QUITÉRIO

CATARINA QUITÉRIO

I'm Catarina — an industrial designer and 3D artist based in Porto, with ten years turning ideas into products, furniture and photorealistic worlds. I design for warmth and precision in equal measure, whether I'm crafting a physical object or building an immersive digital scene. Newly certified as a trainer and trained in product management, I love working where craft, people and process meet.

Recreation of concept photography
3D Modelling exercise
